Development Department.

G.O.Ms.No.1982. Dated, 28th April 1953.

Read:-

G.O.Ms.No.4730 Development dated 17- 9-48.
G.O.Ms.No.5109 Development dated 16-10-48.
From the Collector of Srikakulam No.21974/C2/II dated 15.3.53 to the Director of Controlled Commodities,
From the Director of Controlled Commodities No. C.4.5275/53 dated 1-4-53.

ORDER:

In G.O.Ms.No.4730 Development dated 17-9-48 the Government ordered that in the matter of selection of dealers for Buckingham & Carnatic and Mettur Mills products such of the dealers of the mills as were found suitable by the Collectors should be licensed. This was further clarified by Government in G.O.Ms.No.5109 Development dated 16-10-48 according to which in the matter of selection of new dealers, the selection is to be made by the Collectors themselves from among dealers in the general trade without calling for any nominations from the Agents of the Buckingham & Carnatic Company or the Mettur Industries. The Director of Controlled Commodities has now pointed out that there are no clear instructions with regard to the removal of dealers when they are found unsuitable by the Company, whether the Company should obtain the prior concurrence of Collectors before removing such dealers or whether the Company's Agents themselves can remove such dealers without reference to the Collectors concerned. He points out that the schemes of distribution adopted by the Buckingham & Carnatic Mills and the Mettur Industries have been recognised by Government and are meant to be worked with the least possible official interference and considers that the Agents should be able to remove any of their dealers who had been found unsuitable by themselves without prior reference to the Collectors concerned. He has stated that the Company alone can decide who shall be its dealers and the only safeguard Government need stipulate is that the selection should be from among persons licensed by the Collector. He submits that even in the matter of selection of new dealers there is no harm in allowing the two mills to make their own selections without reference to the Collectors provided that the persons selected are licensed dealers and there is nothing against them. The Government agree with the views expressed by the Director of Controlled Commidities.

p.t.o.

2. The Director of Controlled Commodities is requested to issue clear instructions to the Collectors and mills, based on the suggestions mentioned in para 1.

(By order of the Governor)
